Attention:

Unfortunately, even the most up to date navigation systems do not contain our address

Parkring 4 in Munich yet!

We recommend using **Dieselstrasse** or **Zeppelinstrasse** as a target in your GPS. Both lead to the same roundabout where our street Parkring is.

By Car via A9 coming from Munich:

Take the exit Garching Süd and turn left onto the B 471, direction Garching-Hochbrück, then turn right at the first intersection. At the roundabout, take the third exit to Parking.

By Car via A9 coming from Nürnberg:

Take the exit Garching Nord, at the T-intersection turn right, following the sign "Business Campus". The street leads directly to the roundabout at the Business Campus. Here, take the third exit and into the Parking.

By Public Transport from Munich Main Station (Hauptbahnhof):

Take the S-Bahn to Marienplatz. There, transfer to the U6 in the direction of Garching-Forschungszentrum, and disembark at Garching-Hochbrück station. Take the footbridge across the railway line, leave the station, follow the street to the right, cross an intersecting street and at the roundabout turn into the first street to the right, the Parking.
